

Dear Sir / Madam,

As a NJ resident, I strongly urge you to retain the current status of the state's "Do Not Call" provisions.

A very high % of our state population is hard working middle class American citizens who do not want the privacy of their home phone lines hijacked by the telemarketers. We need to retain the sanity and peace when we come home from work. We don't want to waste time with any unwanted calls. We rather spend that time with our family members.

Many thanks,

A NJ Resident.
